EL-USB

Quick Start Guide

DOWNLOAD EN INSTALLEER SOFTWARE

Windows™ 7/8/10 (32 & 64bit)

Ga naar www.LogEasy.nl/software en klik op 'Downloaden'.

The screenshot shows the LogEasy website's software download page for EasyLog USB. At the top, there is a navigation bar with the LASCAR electronics logo, contact information (sales@lascar.co.uk, +44(0)1794 884567), and a search bar. Below the navigation bar, there is a sidebar menu with various software products listed, including EasyLog USB, PanelPilotCE, and EasyLog RT. The main content area features the EasyLog USB logo and a 'DOWNLOAD' button. Text on the page indicates that version 7.5 of the software is available and compatible with Windows 7, 8, and 10. A 'Welcome to EasyLog USB Software' message is also visible at the bottom of the main content area.

GEBRUIK VAN DE SOFTWARE

- Plaats de datalogger in een beschikbare USB-poort
- Dubbelklik op het LogEasy USB-pictogram op uw Windows™ -bureaublad. Hiermee laadt u de configuratiesoftware. Klik op 'Instellen en start de USB-datalogger' en volg de installatiewizard.

- Wanneer de installatie is voltooid, moet de datalogger worden verwijderd vanaf de USB-poort. Laat uw datalogger niet gedurende langere perioden in de USB-poort achter, hierdoor gaat een deel van de batterijcapaciteit verloren (met uitzondering van EL-USB-1-RCG).
- U kunt ook de gegevens downloaden van een logger die eerder opgeslagen gegevens van de software heeft opgenomen of bekeken.

REPLACING YOUR DATA LOGGER'S BATTERY

Your data logger is provided with a 3.6V 1/2AA battery already installed. You can change the battery by following the instructions below.

EL-USB-1 PRO

Before using the data logger you will need to insert the 3.6V 2/3AA High Temperature battery provided, following the instructions below.

EL-USB-1-RCG

The EL-USB-1-RCG's battery is preinstalled. To charge the battery, connect to a USB port until the green LED shows. The rechargeable battery should only be replaced by an authorized supplier.

OUR RANGE

EL-USB

Simple Low Cost
Data Logging

- USB interface for configuration and download
- Easy to use Windows control software

EL-CC

Cold Chain Logistics
Loggers

- Low cost, reusable and waterproof
- Comes with pre-configured alarms

EL-GFX

Advanced Data Logging

- Graphic LCD for real-time readings and graph
- Compact and robust design

EL-WiFi

Wireless Data Logging

- Cloud based monitoring with email alerts
- Connects to an existing WiFi network

EL-MOTE

Cloud-based Data
Logging

- Cloud based monitoring from any internet enabled device
- Quick and easy set-up from smartphone App

IMPORTANT SAFETY INFORMATION

Repairing or Modifying

Never attempt to repair or modify Lascar products. Dismantling them, other than for the purpose of changing replaceable batteries, may cause damage that is not covered under the warranty. Servicing should only be provided by an authorized supplier.

Disposal and Recycling Information

You must dispose of Lascar products in accordance with relevant laws and regulations. They contain electronic components and lithium batteries and therefore must be disposed of separately from household waste.
